.....Directory on Disk Subscription

Simply print out and mail the handy order form or call us...

Now you can have the **Community Services Directory** on your computer!

An easy keyword system allows you to search by topic, geographic area, ZIP code or target group. Minimum requirements to run the **Directory on Disk** are an IBM 486 DX266 PC with Microsoft Windows version 3.1 or higher, 45MB hard drive space and 16MB RAM. **Note: data files cannot be extracted or shared with other application programs or to make products, such as mailing labels.**

A one-year subscription of **Directory on Disk** is available for single users (includes program, license, user's guide, and 3 quarterly mailed updates). Also available are multi-user licenses. Call (916) 447-7063, ext. 355 for multi-license options, technical details, and subscription fees.

Please send me _____ copies of the **Directory on Disk—current edition** for Microsoft Windows at \$189.95, plus \$14.72 tax and \$10.00 shipping—for a combined total of **\$214.67** per directory.

My enclosed total, made payable to **"CSPC"**, is \$ _____ (Do not mail cash)

Name _____
Agency/Company _____
